369 Church St.,
Sept. 2nd 1914.

The President,

Toronto University, Toronto.

Dear Sir,

As my connection with
military matters requires me to
leave for Valcartier this week
and I am uncertain when our
work will be over, I must of
course resign the appointments
held as Demonstrator in Therapeutics

and as Registrar in Toronto General
Hospital as well as ~~interim~~ temporary
appointment on the latter's
medical staff. I had been looking
forward to the session's work, after
two months in England and another
on the continent, with a great
deal of enthusiasm but feel that
my duty calls me first to fulfil
the engagement of my Army Medical
Corps Commission and I must place
the other matters in your hands.
I am, Sir,

Yours sincerely,
C. E. Cooper Cole
